Professional Profile

I am Cristian Mozetich, a Full Stack Developer with a solid background in technology. My experience encompasses advanced technical skills, proficiency in Agile and Scrum methodologies, and the ability to tackle complex and demanding tasks with precision. My adaptability and strong communication skills in Spanish, English and Italian ensure high-quality results. I am passionate about staying at the forefront of industry trends and continuously improving my skill set to provide innovative digital solutions.

Experience as Frontend Developer

No Country - Frontend Developer

- Project 1. Link: <https://educ-ar-frontend.vercel.app/>
- Project 2. Link: <https://s13-16-t-java-next-frontend.vercel.app/>
- I participated in the planning of the web application development and in the implementation of the user interface.
- I utilized technologies such as **Next.js**, **Vercel**, **TailwindCSS**, and **NextUI** to optimize the user experience.
- I collaborated remotely in a multicultural team, successfully achieving goals within established timelines.
